Agreement to Establish a Blanket Document Availability Authorization

In Accordance with NPR 2200.2B Requirements for Documentation, Approval, and Dissemination of NASA Scientific and Technical Information

The use of a blanket document availability authorization may be approved for projects (or contracts, grants, or tasks) when adequate management controls can be established to achieve overall processing efficiencies.

Part I Scope of Authorization

This authorization is limited to STI/documents authored or originating from the Directorate specified below. This authorization shall be revalidated every three years.

Part II Limitations and Conditions

The blanket availability authorization shall cover STI/documents that meet the following conditions:

1. NF 1676, block 2 - "NONE" is checked
2. NF 1676, block 3a - "YES" is checked
3. NF 1676 - no blocks in 3b, 3c, 3d, and 4 can be checked
4. GSFC 25-49 - Exemption I (Public Domain Information) or Exemption II (Scientific Data) is applicable
5. GSFC 25-49 - Exemption III, Exemption IV or a Requests for Release of Technical Data/ITAR 125.4(b)(13) cannot be applicable

All STI/documents that do not meet the conditions listed above cannot be processed under a blanket DAA and shall be processed via a separate NF 1676 and GSFC 25-49. The NF 1676, DAA and accompanying document(s) shall be routed through the normal review and approval process.

Part III Processing of Subsequent STI Products

STI products that fall under an approved Blanket DAA shall be processed using a GSFC 25-53. This form will identify the Blanket DAA that the STI product falls under. It may only be used for STI that is already in the "Public domain" in its entirety or for STI that pertains exclusively to the release of scientific data. This form shall be approved prior to publication or presentation of the STI product in any venue (e.g., websites, conferences, briefings, publications, etc.). A copy of the final published/presented STI shall be sent with the GSFC 25-53 to <http://sti.gsfc.nasa.gov>.

This blanket availability authorization may be cancelled at any time by the approving directorate, the Center STI Program Office, or the Export Control Office. Written notification required.
